Item No. 1 22nd January, 2015	<p style="text-align: center;">Heard. Perused.</p> <p>This application challenging the order issued by the Rajasthan State Pollution Control Board dated 25.05.2014 issued under Section 31(A) of the Air (Prevention and Control of Pollution) Act, 1981 has been moved mainly on the ground that the traditional works of manufacturing bricks and earthenware on small scale i.e. at the level of household cottage industry hardly contribute to any pollution and therefore, need to be spared from the rigours of obtaining environmental clearance and mining leases for each.</p> <p>Notices were issued to the Respondent No. 1 / State and 2 / RSPCB in order to elicit from them not only their response but the steps taken for formulating the policy in terms of the judgement as delivered by this Bench in case of <i>Pramod Sharma & Ors. Vs. State of Rajasthan & Ors.</i> We are yet to receive such response.</p> <p>Learned Counsel appearing for the State of Rajasthan seeks time to place before us the requisite policy on the ground that officials are busy with Panchayat Elections. Learned Counsel appearing on behalf of the Applicant submitted that notice needs to be issued to Respondent No. 3 /</p>

Union of India to have their views on record. We are of the opinion that after the policy is tendered, a comprehensive view including the view taken by the MoEF can be gone through for passing final orders; and, therefore, issuance of notice to the Respondent No. 3 can be deferred till the tendering of policy.

We hope that on the next date, the State earnestly places before us the requisite policy with advance copies of such policy to the Applicant.
