

BEFORE THE NATIONAL GREEN TRIBUNAL,

PRINCIPAL BENCH, NEW DELHI

Appeal No. 41/2015

M/s SNG Metal Pvt. Ltd. Vs. Haryana State Pollution Control Board

CORAM: HON'BLE MR. JUSTICE U.D. SALVI, JUDICIAL MEMBER

HON'BLE DR. D.K. AGRAWAL, EXPERT MEMBER

**Present: Applicant/Appellant(s) :Mr. S.A. Zaidi, Adv.
Respondent No. 1 :Mr. Anil Grover, AAG, Ms. Noopur Singhala,
Mr. Rahul Khurana, Adv.**

	Date and Remarks	Orders of the Tribunal
	<p>Item No. 7 July 3, 2015</p> <p>DV</p>	<p>Heard. Perused.</p> <p>We have before us the spot inspection report dated 8th June, 2015 in pursuance to the order dated 29th May, 2015. The industry was closed on account of the quality of the effluent from the outlet of the ETP exceeding certain parameters, namely, COD, Ph, Suspended solids and phosphates vide show cause notice dated 7th January, 2015 - annexure-A/5. Now, it appears that the things have been set right and the unit has upgraded the existing ETP by providing the automatic dosing system, online pH meter, water flow meter, chemical solution tank, and the ETP is adequate and functioning vide spot inspection report dated 8.6.2015. Analysis report in respect of the effluent coming out of the outlet of the ETP also reveals that the parameters are within limits and the unit is compliant. The appellant informs us that the activity of electroplating is being carried out with use of Trivalent Chromium which according to the appellant is eco-friendly and the use of hexavalent chromium has been given up.</p>

We are further informed that the industry has moved an application for grant of fresh consent to operate. We, therefore, direct the Haryana State Pollution Control Board, respondents herein to consider such application and pass appropriate orders in accordance with law. Upon grant of such consent, the industry shall resume its operations.

Needless to state that periodical monitoring shall be carried out by the HSPCB of the industrial unit in question.

The Appeal No. 41/2015 stands disposed of accordingly.
